

LIFE & LEGACY CONVERSATION STARTERS

Begin a conversation that makes a difference in your life & legacy

These questions can help you begin to think differently. Ultimately, with just a bit more thought and care, you can empower yourself to work toward the future you envision and desire.

1. What do you value most in life?
2. If you only had six more months to live, what would you spend your time doing?
3. What makes you smile, gives you energy, stokes your passion, and gives you a sense of purpose?
4. What principles guide your decisions?
5. What words of wisdom did your parents or someone significant in your life share with you?
6. What do you ultimately hope to achieve in your life?
7. What wisdom, values, and/or experiences do you hope to pass on to future generations?
8. What relationships, opportunities, and experiences are you most grateful to have had?
9. What impact do you want to have on the people, causes, and organizations you care about?
10. Do you want to leave money to children or heirs? If so, why?
11. If you could wave a magic wand and there were no financial or time constraints, what impact do you want to have on the people, causes, and organizations you care about?

“We encourage you to think differently about your money and your passion,” say the authors. “To motivate you to assess what you are capable of doing to address the concerns and needs that move you... to act differently as you discover what you’re actually able to do. Our goal is to get you more engaged in making a bigger and better impact on the people, causes, and organizations you care about most. In short, we hope to help you to **LIVE MORE and GIVE MORE.**”
